Calendar No. 1417

82D CONGRESS, 2d Session — SENATE — REPORT No. 1489

UNIV. OF MICH.
MAY 16 1952
LAW LIBRARY

GREAT LAKES-ST. LAWRENCE SEAWAY AND POWER PROJECT

APRIL 28 (legislative day, APRIL 24), 1952.—Ordered to be printed

Mr. WILEY, from the Committee on Foreign Relations, submitted the following

REPORT

[To accompany S. J. Res. 277]

The Committee on Foreign Relations, to whom was referred the resolution (S. J. Res. 27) approving the agreement between the United States and Canada relating to the development of the resources of the Great Lakes-St. Lawrence Basin and providing for making the St. Lawrence seaway self-liquidating, report the resolution to the calendar without recommendation.

This matter was introduced into the Senate on February 1, 1951, and referred to the Committee on Foreign Relations, which held extensive hearings on February 25–29, 1952, at which time Government officials, Members of the Congress, representatives of interested organizations, and private witnesses, both supported and opposed the resolution.

On April 7, the committee voted to consider the resolution at its regular meeting on April 22. On the latter date, a motion to report the resolution favorably to the Senate failed to carry by a vote of 6 to 6. A second motion, namely, to report the resolution to the calendar without recommendation carried by a vote of 9 to 4.

O
